

SAFE DATA DISPOSAL

TO ENSURE SAFE DESTRUCTION OF YOUR DATA

If the item you're dropping off has data or a detachable memory card, USB stick etc, please remove this from your device and hand this, as well as any data bearing devices to one of our team members, directly.

Data bearing devices and detachable memory sticks have their own method of disposal which will ensure your data, photos etc are safely destroyed.

This could include:

- Computers & Laptops
- Digital Cameras
- SD cards
- Tablets & Small Devices
- Mobile Phones
- HDDS & USB Drives

If your still unsure, our team members are there to help with any questions or concerns you may have.
