Dear David,

Approved Destruction Facility – Echotech Ltd

I am pleased to advise you that our inspections and review of your facility at 2/101 Gracefield Road, Lower Hutt has been satisfactorily completed.

The facility has met the requirements as detailed in the New Zealand Information Security Manual (NZISM) and is now an Approved Facility for the secure destruction of material.

The facility is approved for the secure destruction of electronic media, electronic equipment and other electronic materials classified up to and including TOP SECRET.

This approval is valid to 6 July 2027, subject to performance inspections and periodic inspections to confirm maintenance of the agreed procedures.

If you have any queries, please do not hesitate to contact the GCSB on techliaison@gcsb.govt.nz or (04) 472 6881.

Yours sincerely

Kate Pullar
Acting Director-General of the GCSB
